**Campus Council:  
Committee on Discrimination  
Structure and Organization of the Racism Workshop**

It is recommended by Campus Council Committee on Discrimination that a minimum of two racism workshops focusing specifically on campus life and organizational programming are sponsored per academic year. It shall be the joint responsibility of the Campus Council chair or his/her appointee and the Dean of Students Office to ensure that the workshops are offered as further detailed. The Campus Council Committee on Discrimination will be responsible for determining the content and specific details of the workshop.

The Campus Council Committee on Discrimination recommends these following topics as a basic structure for the workshop:

- 1) institutional racism within student organizations
- 2) inclusive publicity
- 3) member recruiting
- 4) funding
- 5) programming for a diverse campus community

It will be the Dean of Students Office responsibility to publicize the workshops and to provide a facilitator. The facilitator will submit an attendance roster to the Campus Council Budget Committee chair and the Student Government Association (SGA) Fund Allocation Committee chair. The Campus Council chair will provide to the Dean of Students or his/her appointee recommended dates for the workshop and a list of student leaders, etc. who should receive "letters of invitation."

Each organization must send a minimum of one representative to the racism workshop in order to access monies received from Campus Council and/or the SGA. It is expected that workshop dates will reflect a coordinated efforts amongst the SGA, Campus Council and the Dean of Students Office.

Organization applying for funds must send one representative to the workshop; no person shall represent more than one organization at a given racism workshop. It is strongly recommended that the representative be an officer or member of the executive board of that organization.

It is an expectation of each representative attending the racism workshop to present to his/her organization a summary of the topics discussed during the workshop which affect his/her specific organization.

**Estimate time-line illustrating the sequence of events.**

<b>First Semester</b>						
School	-->	3rd Week	-->	5th Week	-->	6th Week
Begins		Racism Workshop		SGA Fund Allocation		SGA Funds Operational

<b>Second Semester</b>						
School	-->	2nd Week	-->	3rd Week	-->	11th Week
Resumes		Racism Workshop		SGA Fund Allocations		CC Fund Allocations

Organizations applying for funding through SGA must attend the workshops in order to be considered for funds. Organizations applying for funds from Campus Council will be granted their funds on the condition that a representative of that organization will attend the racism workshop during the fall semester of the following year. Participation in a racism workshop is mandatory for organizations to utilize their funding. Those organizations that do not send representatives will have their accounts frozen from immediately following the missed racism workshop until next workshop.
